

**CLUCK! CLUCK!
GET TO KNOW CHICKENS!**

Name: _____

1

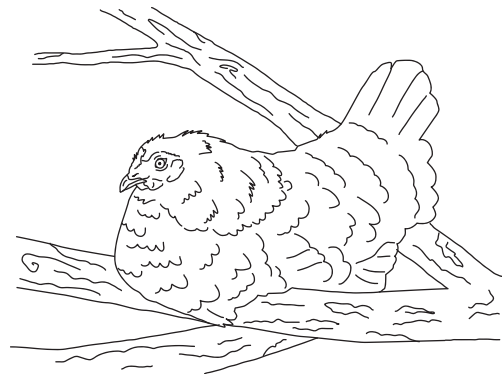

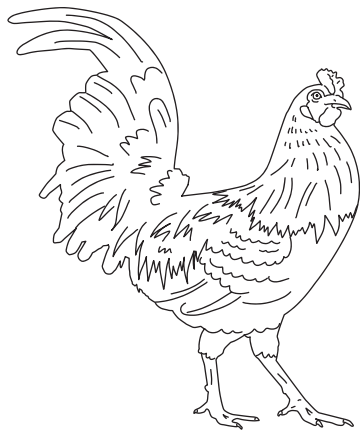

JUST LIKE US

Do you like to lie in the sun? Do you like to eat snacks? Do you like to be with your friends? Chickens like these things, too!

2

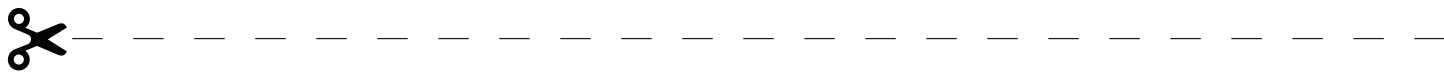

HOW CHICKENS LOOK AND MOVE

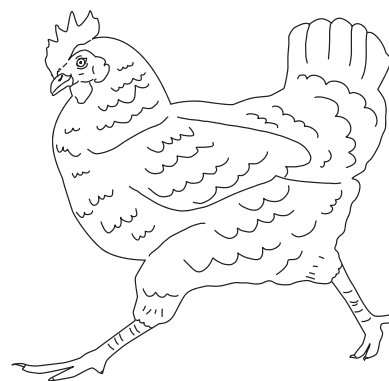

Chickens are birds, and they do not all look the same. A male chicken is called a rooster. A female chicken is called a hen.

Chickens can fly up into trees to sleep at night. This is called **roosting**. They can also dream.

3

CHICKENS TALK AND PLAY

Chickens use many sounds to talk to each other. They make one sound when they see food and a different sound when there is danger.

Chickens like to run, jump, and play with friends. They also like to listen to music.

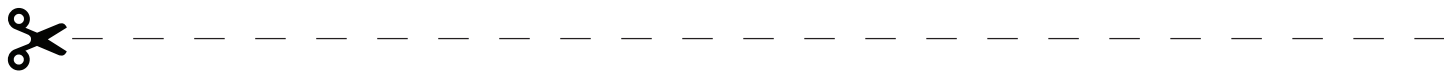

4

SPECIAL BATH FOR CHICKENS

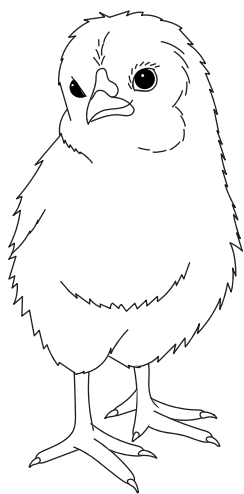

Chickens do not take a bath in water like we do. They take a bath in dry dirt! The dust helps keep them clean, and it feels good to them.

5

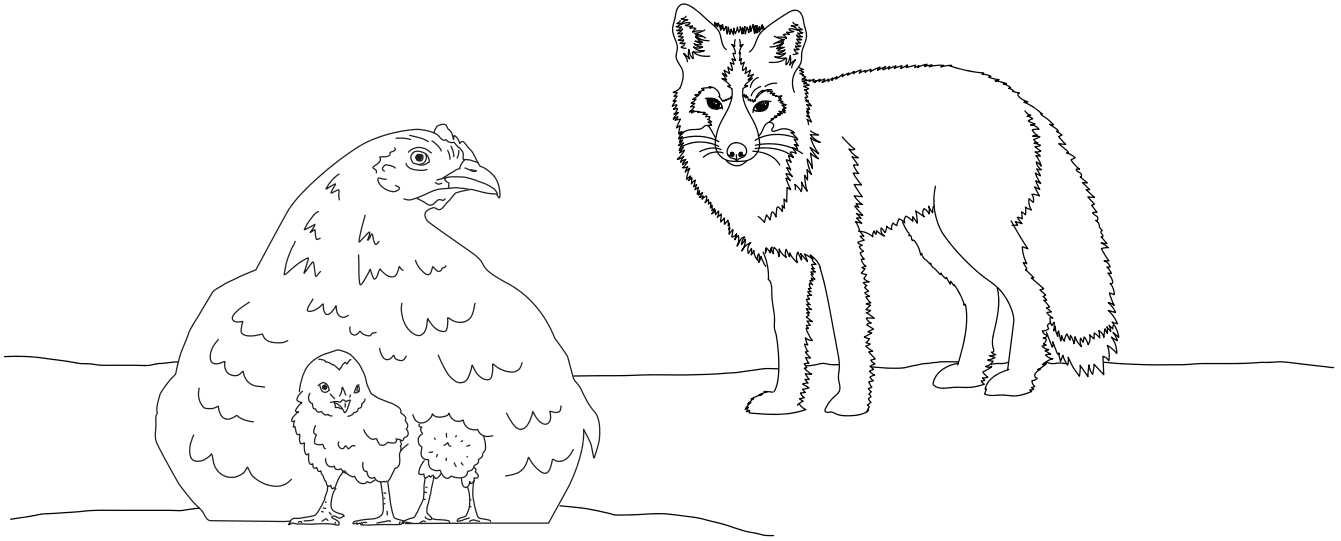

CHICKEN FAMILY

Mother hens love their babies, called **chicks**. Hens talk to their chicks before they hatch from eggs. The chicks can talk back from inside the eggs!

6

CHICKENS ARE BRAVE

A hen will keep her chicks safe. If someone gets too close, she will chase them away.

7

MY FAVORITE THING ABOUT CHICKENS

Draw a chicken doing something you learned about in this book.

Chickens can feel, play, learn, and love just like we do.

My favorite thing about chickens is _____.
